

ADDRESSING THE SOCIAL DETERMINANTS OF HEALTH

TO IMPROVE HEALTH OUTCOMES

STATS

15,247 clients served by partner programs

15,000 individuals assisted with food security

96% of United Way 211 callers' food needs were met

SUCCESS STORY

Manny was living with his adult son without any interaction outside the home. He spoke to the director of a United Way funded program and explained that in the past month, he had not eaten much because he was depressed following his wife's death. After this initial meeting, Manny became an active center attendee. He now has healthy meals, is making friends, and feels more positive about life.
