

DECREASING HOMELESSNESS

AND KEEPING HOMES AND FAMILIES SAFE

STATS

100% of families supported by Family Stability Initiative maintained stable housing

6,265 nights of shelter provided by United Way partners

90% of Right to Counsel – Cleveland clients assisted with preventing eviction or unwanted move

SUCCESS STORY

Annie was referred to a United Way-funded agency for rental assistance. During intake, a staff member learned that Annie was the victim of domestic violence by her mother and was legally blind, unemployed, and subject to bouts of depression. With the support of the agency, Annie received a voucher for a great building in Lakewood on a bus line. While the paperwork was being finalized, Annie moved out of her abusive situation and into a temporary shelter. The staff also referred Annie to another agency for mental health assessment and counseling.
